Description of the Programmes of the Doctoral School of Education:

Education in the Doctoral School is organised according to a modular system. All students must complete at least three full modules in the first four semesters of their education (educational and research phase). Two of the modules to be completed are the programme independent Theoretical Module and Research Methodology Module, the third is the programme dependent module based on the student's research topic or programme. The modules to be completed are outlined in the admissions resolution. The completion of four courses, three of which are to be chosen mandatorily, one of which is on an elective basis. Modules/courses of the Doctoral Schools of Psychology or Education may be completed on an elective basis.

The completion of all course requirements and the DPSZ16-IK-1 are strong prerequisites of the comprehensive examination.
